Education

Bachelor of Computer Applications 2022-2025

Shree GK & CK Bosamiya Arts And Commerce College

Skills

Java programming

ASP.NET development

C++ programming

Android development

Cybersecurity Training

Effective communication

Strong academic record

About Me

Driven and innovative, I excel in Java programming and effective communication, proven by securing 1st place in a Paper Presentation on Cyber Threats. My projects, including a To-Do List app in Android and encryption software, alongside a strong academic record, highlight my capability to contribute significantly to any team, even without traditional employment history.

Experience Don't have enterprise experience

• Academic Projects
- Deliver Delight(Using Java Technologies)
- LifeCare Hospital (using ASP.NET with C#).

• Personal Projects
- Created an encryption and decryption project using C++ and Java.
- Created a To-Do List app in Android using Kotlin.

• Academic Achievements
- 1st place in the Paper Presentation Competition on Cyber Threats and Security, using AI.
- 2nd in the Exploring WordPress Competition.
- 3rd place in the Programming Competition in PHP.
